

Cultural Leadership exists to create a more just and equitable community by educating middle and high school students to recognize and resolve issues of privilege and injustice through the lens of the African American and Jewish experience. Our students develop leadership skills, facilitate dialogues, build relationships, and create change in their circles of influence.

Sponsor A Student Society

The Sponsor A Student Society was founded in 2013 to recognize Cultural Leadership's most dedicated circle of givers. These leaders in philanthropy make an annual commitment of \$1,000 or more towards the *Cultural Leadership Scholarship Fund* to ensure that our award-winning curriculum continues impacting local middle and high school students of merit. Thank you for being a part of this legacy.
